

## Custom Shop Mantels (for all models)

Add a bold statement to your fireplace with one of our unique, hand-crafted mantels that are designed and created by our in-house artists. These non-combustible mantels come in both 5' and 6' lengths, and can also be used as a hearth.

### Hand-Hewn Timber Mantels & Legs

This is a realistic reproduction of a 150-year-old fir timber. Our artists individually hand-paint each mantel with incredible attention to detail. We challenge anybody to tell the difference between this reproduction and the authentic timber. Hand-Hewn Timber Legs are available for the 6' mantel to achieve a three-sided Timber mantel installation.

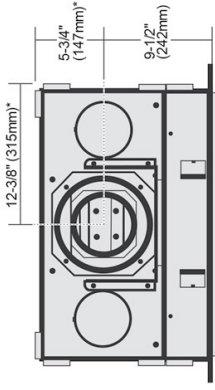

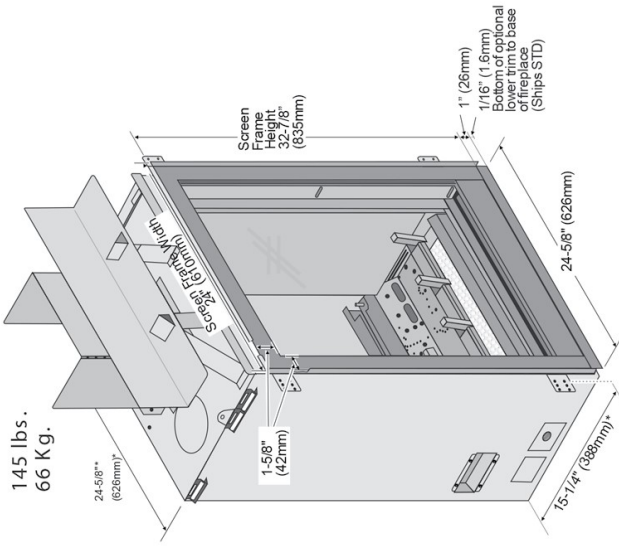

### Polished Gray Concrete Mantels

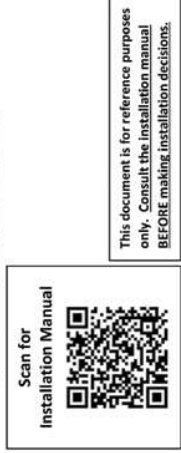

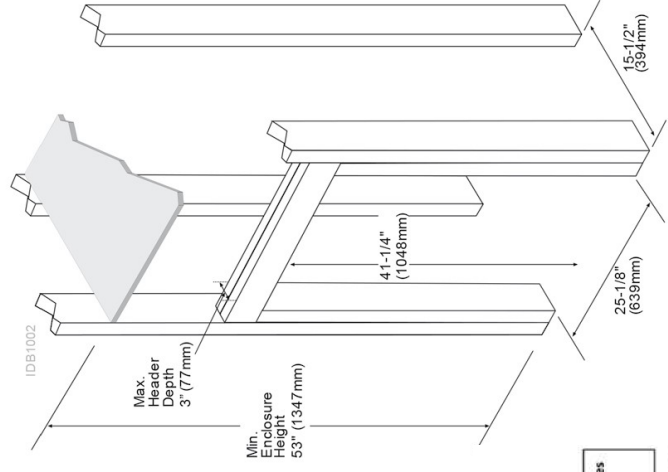

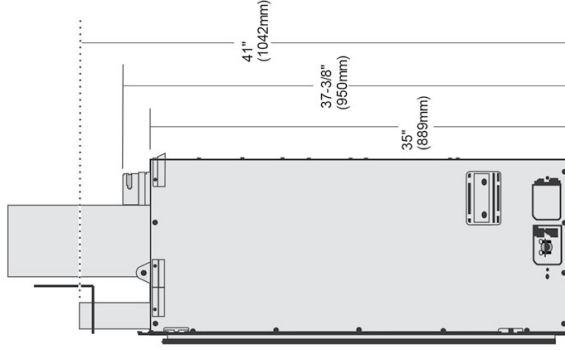

Each mantel is individually crafted to expose a smooth, polished quartz surface that offers a bold, contemporary look.
