

The **S40**
LARGE GAS STOVE

Design Features

The S40 Freestanding Gas Stove offers a maximum BTU output of 40,000 making it excellent at heating large living spaces. It has a modern design and a 5/16" steep plate top. Instead of a typical burner tube layout, the S40 uses a ceramic log burner that blends in with the rest of the log set to create a more realistic appearance.

Design Features

- Heavy duty heat exchanger
- Thermostat or remote compatible
- Ceramic log set and burner
- 5/16" steel plate top
- Ceramic charcoal fluted liner
- 150 CFM variable speed fan
- Optional B vent adaptor
- Nova valve
